

HONORING

The 2016 Man O'War Event honors the following who, through their contributions of time, talent and treasure, have enhanced Riddle Hospital's service to our community in meaningful ways.

Clinical Partner—Marianne G. Collins, MSN, RN

A graduate of Thomas Jefferson University, Marianne, dedicated 40 years of her nursing career to Riddle. Initially working in the ICU, Marianne also worked in PACU, SPU, PCU and Staff Development before accepting a position as Evening Administrative Supervisor, a position which she held for 10 years. From there, she became Nursing Resource Manager, which included staffing and scheduling, nursing recruitment and retention and establishing the Transport Team, Admission Discharge Team, and introducing Kronos, One Staff and Bid Shift. From there, Marianne transitioned to the Director of Nursing Operations, eventually adding Director of Volunteer Services and Patient Advocacy to her resume.

Community Partners—George and Debbie Herker

George and Debbie Herker have been involved with Riddle Hospital for over 30 years. Debbie has served as a member and President of the Associated Auxiliaries. In addition, Debbie is a member of the Cancer Center Advisory Committee. George and Debbie have been generous supporters of Riddle with their gifts of the player piano in the lobby of Health Center 3 and leadership support of the recent Emergency Department Expansion Campaign. George is the President and CEO of Herker, Inc., a property management firm located in Glen Mills, PA and Bethany Beach, DE.

Corporate Partner—Stantec, Inc.

Stantec is an international consulting firm specializing in project management, planning, engineering, architecture, interior design, landscape architecture, surveying, environmental sciences, and project economics. They have been a business associate of Riddle Hospital for over fifteen years providing program and project management expertise for construction projects such as the emergency department expansion, the new MRI Center and the development of Riddle's Master Facility Plan.

Stantec has a long-term commitment to the people and places they serve, and look to connect to projects on a personal level and advance the quality of life in communities. As a result of this mission, the company has provided leadership support to not only past Man O'War Galas but also to the Pro-Am Golf Classic.

*Riddle Hospital is a unique place
where the bonds of people serving others
and building a better community endure.*

*The dream that Sam Riddle had for
this community lives on in the great care
we are honored to provide
each and every day.*
